

Where in the world are we?

The Big questions...

Science:

What is a habitat? Identify my habitat, what do I share my habitat with?

What different habitats do we have around Britain? Identify the different habitats eg woodland, seashore.

What is a micro-habitat? Locate mini beasts and explore their micro-habitats.

What other habitats are there around the world? Identify and compare some of the different habitats that there are around the world.

Choose a habitat to describe in detail looking at the type of animals that live there?

Literacy:

To entertain: Traditional tales

Origin, plot, structure, characters and style.

Goldilocks / The Ghanaian Goldilocks - a comparison.

Art:

Painting: to master techniques and to take inspiration from the greats

African landscape John Ndambo inspired art
Ted Harrison inspired landscape art

How do these artists use colour wheels?

What lines and colours will you use?

What do we know about these artists?

How do we use chalk pastels for visual effect?

Computing:

Programming - robot algorithms

PSHE: We are unique/ Looking after ourselves/
Likes and dislikes.

PE: -Dance secret garden /
rainforest.
-Ball skills.

Geography:

Where am I? Locating Newport on a map. **What are the continents?** Locating the Continents using atlases and globes.

Where are the oceans? Using atlases, maps and globes.

Where is Ghana? Identify the continent and then locate Ghana on a map.

What is the equator? Know that it is an imaginary line that splits the earth. Hot and cold countries.

What is the difference between hot and cold countries? Compare countries different distances from the equator - Ghana and England.

What are physical and human features? Use aerial photographs and satellite images to recognise basic human and physical features in the UK and Ghana.

RE: Prophecy and Promise

Who was Zechariah?

Reflect on the Annunciation.

Retell the story of the Visitation.

What is Advent?

Who was John the Baptist?

The first Christmas.

Who were the Magi?
